Study of Local Self Government-Smart Village Bibee, Ta. Korpana Dist- Chandrapur Session 2021-22

Visited on 28th January 2022

The longing for continuity and transparency of village development as well as the love for one's hometown means that the foundation of the village can be found from the development work done by Bibi village in Chandrapur district which comes under PESA Act. The saying that villager to ravana curry comes in the moment of entering every village. Keeping in mind the charm of Tantra era, this village has made its progress towards perfection. The vision of ideological harmony is seen upon arrival here. Mangaldas Gedam Upsarpanch Ashish Derkar Tantamukti Samiti President Shankar Aswale and all village panchayat members and villagers have become smart with the tireless efforts of the venerable Rashtrasant Tukdoji Maharaj. And our students took the information about the planning of the further development works. It shows the cooperation attitude of all the villagers.

Bibee Gram Panchayat 2017-18 Korpana Taluka Smart Village Sant Gadgebaba Gram Swachhata Sant Tukdoji Maharaj has won the first place in the Clean Village Competition and the district level Sant Gadgebaba Gram Swachhata and Sant Tukdoji Maharaj Village Swachhata has won the second place in the District Smart Village Competition 2017 18. In the last three years, the Gram Panchayat has planted nearly 4000 trees with the help of Ultratech Cement Company. Otherwise, the trees have been protected and conserved. In many places, triggers have been installed from the Lok Sabha. In three years, around fifteen hundred meters have been constructed. The Gram Panchayat has recently received the ISO rating and is the first ISO rated Paisa Gram Panchayat in the district.

Introduction to Local Self-Government

Local self-government operates at the lowest level of society. It works at the grass root level to the people touching their everyday lives. Local selfgovernment, to borrow a phrase from Sydney Webb, is "as old as the hills". This can be more true of India than any other country of the world. There is sufficient evidence to establish the fact that the institution of local selfgovernment is almost, pre-historic, and the conception of local selfgovernment is indigenous to the Indian soil. Municipal governments have flourished in India since times immemorial. While empires rose and fell, village panchayats which formed an integral part of the national life, helped to preserve democratic traditions in social, cultural, economic and political life, survived the onslaughts of centuries of political upheavals and saved Indian society from disintegration. The existence of local bodies in ancient India is a positive proof of the inherent genius of our people to manage local affairs efficiently and on a decentralized basis. Local government is government at the village and district level. Local governments got a fillip after the 73rd and 74th Constitution Amendment Acts. Later in 1992, the 73rd and 74th constitutional amendments were passed by the Parliament. The 73rd Amendment is about Rural Local Governments (which are also known as Panchayati Raj Institutions or PRIs) and, The 74th amendment made the provisions relating to Urban Local Governments (Nagarpalikas)1. The 73rd and 74th amendments have created uniformity in the structures of Panchayati Raj and Nagarpalika institutions across the country. The 73rd and 74th Amendments came into force in 1993. Rural Local Governments (or Panchayat Raj Institutions) under this comes Zilla Panchayat , Mandal Or Taluka Panchayats and Gram Panchayats. Then comes Urban Local Governments (or Nagarpalikas) which has Municipal Corporations, Municipal councils and Nagar Panchayats.in 1882, Lord Ripon believed that the aim of Local Self Government was to train the Indians to manage their own affairs themselves.

Development Scheme Implemented in the Village Bibee

CCTV cameras have been installed in the village and through the Gram Ki Baat programme, the villagers are enlightened. Wi-Fi facility is available in the Gram Panchayat. Public atrophy stones provided Cold and pure water ATM Equipped exercise school Equipped library Readers everywhere LED power Solar power water supply Village through hundred percent exploitation free dairy industry Progress of

village through easy employment Economic prosperity of women self-help group Adoption of attitude
Social awareness through Gram Sabha and independent playground ground By always cleaning the house
and surroundings till date, no pest plants have come in the village

Successful Health Care Scheme and Cleanness Companion implemented in the village Bibee

On Tuesday through UltraTech health screening camp and drug distribution veterinary medicine
and medicine camp in public building Rain water harvesting three Zilla Parishad schools under Gram
Panchayat are ISO accredited Four Anganwadis are ISO accredited 29 tribal students in Gram Panchayat
cases are given free MSCIT training as well as driving training and license In order to benefit the health of
Jato tribals, health camps are organized by rickshaws, waste collection and sorting, personal information
and Aadhaar number of all the citizens of the village, date of birth, mobile number, Jan Dhan account
number, are available with the Gram Panchayat. In the village, women go out with brooms for cleanliness
on Sundays and plastic ban is effectively implemented. Toilet management by village panchayats. Sewage
management. Solid cycle management. Gram Panchayat has taken report number 3000 for funeral to the
family of books many families financial situation is very real death their families are given 3000 rupees
immediately by gram panchayat for cremation of the dead person this is a social initiative gram
panchayat bbi is running ongoing fill nest and get two led bulb free by gram panchayat bbi It has been
decided to provide free two LED bulbs worth Rs.

Information learned by students under the study of local self-government of Gram Panchayat Bibee

Students got to know the information about development work Session 21-22 students of BA first
year semester two visited village site BP under the subject of Local Self-Government Study, they got
information about various development works there and got inspiration from them. In addition, the
students were informed about the development work of Gram Panchayat in the village, health
management, veterinary medicine, in addition, the students were given detailed information about the
manner in which the village received the Smart Village Award, CCTV cameras in the village, VV Pat
Training for students, water management, sanitation management, resource management, electric power
management, libraries for students and ISO certified schools in the village. And he showed the
Anganwadi, the updated secretariat of the Gram Panchayat, and he told the story of the development
work of the village to the students. On the occasion, the students asked many questions and Darekar, as
Sub-Sarpanch, gave detailed answers to the students. It was found in the overall study of the students
that they should contribute to the development of the village in their villages

Conclusion

In summary, inspiration is very important for the development of a village. If educated youth in
the village take the initiative, a village can become a smart village. BB Gram Panchayat is the main role
and objective of the local self-government organization if various schemes are implemented successfully.
Through this visit, the students have received the yearning of the people of the village for continuity,
transparency and the love that the youth feel for their village. Anyway, in all these matters, the youth
should take the initiative to work for social enlightenment and social development. Through this visit of
the local self-government organization, the students have received a valuable message.

Information learned by students under the study of local self government of Gram Panchayat Bibee

Students got to know the information about development work Session 22-23 students of BA first year semester two visited village site BP under the subject of Local Self-Government Study, they got information about various development works there and got inspiration from them. In addition, the students were informed about the development work of Gram Panchayat in the village, health management, veterinary medicine, in addition, the students were given detailed information about the manner in which the village received the Smart Village Award, CCTV cameras in the village, water management, sanitation management, resource management, electric power management, libraries for students and ISO certified schools in the village. And he showed the Anganwadi, the updated secretariat of the Gram Panchayat, and he told the story of the development work of the village to the students. On the occasion, the students asked many questions and Darekar, as Sub-Sarpanch, gave detailed answers to the students. It was found in the overall study of the students that they should contribute to the development of the village in their villages

Conclusion

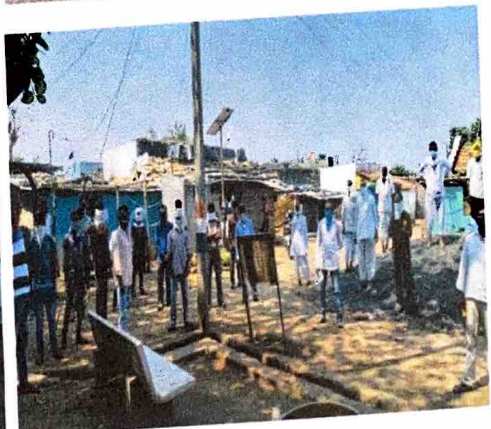

Synopsis In this session of college session 22-23 they got information about the development work of the village a great example of how important Gram Panchayat contribution is for the development of a village is Gram Panchayat Bibi Yes if the people of the village take it into their hearts the village can be transformed the students took inspiration from this village I Sammukti Hagandari Mukti Swachhta Abhiyan The students realized how important the role of the youth is in this area and they also got the inspiration that they should contribute to the development of their village through this visit. The students realized that they have responsibility as a student and citizen for the development of the village. It is believed that many students have inquired about the functioning of the Gram Panchayat and have expressed their desire to do something for our village and therefore the local self-government body has been considered very important for the role of students in rural development.

९१० रुग्णांनी घेतला मोफत आरोग्य शिबिर व औषध वितरणाचा लाभ

लोकामत न्यूज नेटवर्क
कोरपना : राष्ट्रसंत युवा मंडळ विवी यांच्या वतीने व काईस्ट मन्टोस्पेशलिटी हॉस्पिटल, चंद्रपूर यांच्या संज्ञान्याने जिल्हा स्मार्ट ग्राम विवी ग्रामपंचायत हद्दीत येणाऱ्या विवी, धामणगाव, नेतामगुडा व आसन (बु.) अशा चार ठिकाणी मोफत आरोग्यतपासणी व मोफत औषधी वितरण शिबिर नुकतेच पार पडले. सदर शिबिराचा एकूण ९१० रुग्णांनी लाभ घेतला.

ग्रामपंचायत विवीचे माजी उपसरपंच अश्वि देवकर यांच्या पुढाकाराने चारही शिबिरांचे आयोजन करण्यात आले होते. त्यानुसार विवी येथे ५९०, धामणगाव येथे १९५, आसन बु. नेतामगुडा येथे ११० व नेतामगुडा

शिबिरासाठी नागरिकांनी अशी रंग लावली होती.

येथे ११५ अशा एकूण ९१० रुग्णांची तपासणी करून मोफत औषधपुरवठा करण्यात आला.

सध्या ताप, सर्दी, खोकला या आरोग्यविषयक समस्यांनी गावागावात

येमान घटले असून या शिबिराचा गावकऱ्यांना चांगलाच लाभ झाला. शिबिरासाठी काईस्ट मन्टोस्पेशलिटी हॉस्पिटल, चंद्रपूर येथील डॉ. मिथुन गोखर्न, डॉ. मृण्मयी कोरेवार, अनंद

डोंगरे, सुदेश शंभरकर, संचया पुरले, चंदा चांदेकर, आकाश उमरे, हिमांशू कांबळे, जोसेफ कुरियन, पील पॉलीस यांच्यासह राष्ट्रसंत युवा मंडळाच्या पदाधिकऱ्यांनी सहकार्य केले.

३४० ज्येष्ठ नागरिकांची आरोग्य तपासणी

बल्लारपूर : राह राष्ट्रवादी काँग्रेस पार्टीचे सामाजिक कार्यकर्ते सुमित डोहणे यांच्या पुढाकाराने बल्लारपूर येथे आरोग्य तपासणी व मोफत औषधी वितरण करण्यात आले. यावेळी ३४० ज्येष्ठ नागरिकांची मोफत रुग्ण तपासणी करून औषधीचे वितरण करण्यात आले. शिबिराला प्रमुख पाहुणे चिकित्सक डॉ. अनिल वाडके, राष्ट्रवादी काँग्रेसचे

राहाराध्यक्ष बाबल उराडे, मातिका पावडे, शेकाली देवगडे, सुमित डोहणे आदी उपस्थित होते. राहेश सोमानी तसेच माजी नगरसेवक इस्माईल इब्नखाला यानी दाखिळाणी भेट देऊन सुमित डोहणे यानी सुरु केलेल्या उपक्रमाला शुभेच्छा दिल्या आहे. या शिबिरात बुडनगर वाड, संतोषी नाता वाड येथील ३४० ज्येष्ठ नागरिकांची आरोग्य तपासणी करण्यात आली. शिबिरामध्ये डॉ. प्रितेश विपळकोडे, डॉ. अनिल वाडके, डॉ. विशेश पैदारकर, डॉ. चेतन कोर्डे यानी रुग्णांची तपासणी केली.

Study of Small Scale Industry Report (Session 2021-22)

Industry Visited : Dyanganga Goseva Kendra, Village – Kolandi, Dist- Chandrapur MS
Date : 19th December 2021
Transportation : College Bus
Students : Total 48 students of B.A.II
Faculty
Accompanied : 04
Coordinator : Dr. Rajesh Gaidhani
Co-coordinators : Dr. Maya Masram, Prof. Mangesh Karambe, Prof. Ujwala Janwe
Institution

➤ Purpose of Industrial Visit

- 1) To get information about how a small-scale industry work
- 2) To learn the basics of entrepreneurship
- 3) To experience the working environment in industry and visualize the all the important departments in the Industry.
- 4) To understand the idea of small-scale business and entrepreneurship

➤ **Strength behind the visit**

Hon. Shri. Shankar J. Dewalkar Sir, president of the industry has approved the industrial visit. Many experts from the industries have suggested that students of the college should visit the industries to experience the actual working environment and the processes. Our Institutions Chairman Dr. Adbale sir has encouraged the students to participate in the Industrial Visit. After receiving permission by the College Principal Dr. Sanjay kumar Singh, All the faculty members of the college supported this tour and all the teaching and non-teaching staff, student volunteers have supported this tour.

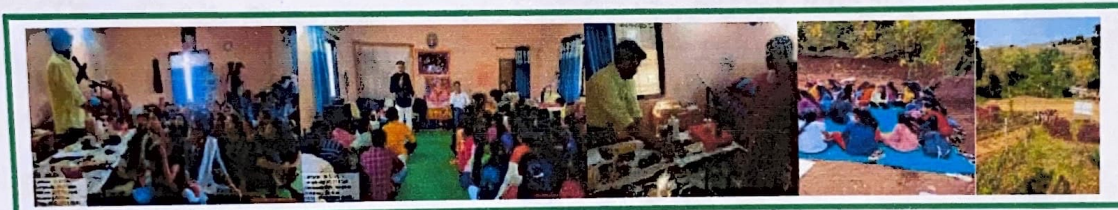

➤ **Methodology:**

We went through various departments, technical and non-technical, and have collected detailed information on their respective functions and their impact on the outcomes of the company. Observation and Question –Answer method became useful to collect the information. Many students have asked the queries and the instructor has solved them very cleverly and politely.

➤ **Outcome (Conclusion) :**

Through this educational trip students learned the frame work of the Prakalp first and overlooked various processes that are carried there. They mainly focused on how the Prakalp can be converted to large scale for mass production. Encouraging students to do research in this field, understanding the basic application, in those productions were the basic motive of the educational trip.

The trip was successfully concluded with visit to organic farms over there, enlightening the minds of young students to think of chemicals in greener terms, thus developing technologies in sustainable way improving production with lesser ill effects.

Study of Organic Farming Report (Session 2022-23)

Form Visited : Gondwana Natural Farm , Village – Hirapur, Dist- Chandrapur (MS)
Date : 19th March 2023
Transportation : College Bus
Students : Total 12 students of B.A.I
Faculty :
Accompanied : 02
Coordinator : Dr. Rajesh Gaidhani
Co-coordinators : Dr. Satender Singh
Institution

➤ Purpose of Organic Farm Visit

- 1) To observing an organic farm
- 2) To facilitate discussion with the organic farmer on farm design
- 3) To know farm practices, marketing and difficulties involved in organic farming.
- 4) To study of value chains in agriculture and in the bio-economy.

➤ **Strength behind the visit**

Hon. Shri. Bharat Atram, farmer of the organic form has approved the visit. Our Institutions Chairman Dr. Adbale sir has encouraged the students to participate in the organic farm Visit. After receiving permission by the College Principal Dr. Sanjay kumar Singh, all the faculty members of the college supported this tour and all the teaching and non-teaching staff and students have supported this tour.

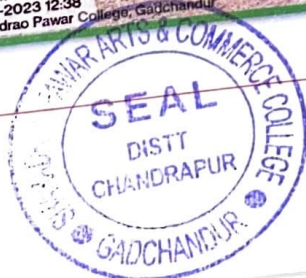

➤ **Methodology:**

We went Organic farm by bus. Organic farming uses natural reproduction techniques. Observation and Question –Answer method became useful to collect the information. Many students have asked the queries and the former has solved them very cleverly and politely.

➤ **Outcome (Conclusion) :**

Organic agriculture has the potential to contribute significantly to the Indian economy. The sector positively impacts GDP growth, employment generation, and export earnings. It also promotes sustainable development. *Organic farming* is a form of agriculture that relies on techniques such as crop rotation, green manure, compost and biological pest control. Through this educational trip students learned the frame work of the organic farming. Encouraging students to do research in this field, understanding the basic application, in those productions were the basic motive of the educational trip.

The trip was successfully concluded with visit to organic farms over there, enlightening the minds of young students to think of sustainable agriculture, thus organic farming has been considered to be a sound and viable option.

Department of Economics
Industrial Visit Report (Session 2018-19)

Industry Visited : Manikgarh Cement , Village – Gadchandur, Dist- Chandrapur MS
Mr. Devendra singh, Vice President

Date : 11th February 2019

Transportation : College Bus

Students : Total 39 students of SEM III & Vth (30 Girls + 09 Boys)

Faculty

Accompanied : 03

Coordinator : Dr. Rajesh Gaidhani

Co-coordinators : Dr. Satendra Singh, Prof. Mangesh Karambe

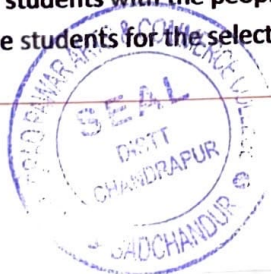

Institution

Representative : Shri. T.T. Punjekar, vice secretary s.s.p.m.Gadchandur

➤ **Purpose of Industrial Visit**

- 1) To interact the students with actual industry personals.
- 2) To make them aware of the industrial procedures required to enter in any company.
- 3) To experience the working environment in industry and visualize the all the important departments in the Industry.
- 4) Interaction of students with the peoples of all important departments.
- 5) To prepare the students for the selection of carrier path in different departments of industry.

➤ **Strength behind the visit**

Hon. Mr. Devendra Singh, Sir vice president of the industry has approved the industrial visit and encouraged the committee for organizing similar kind of activities for the benefit of students. Many experts from the industries has suggested that students of the college should visit the industries to experience the actual working environment and the processes. Our Institutions Chairman Dr. Adbale sir, Vice Secretary Shri. Tulshiramji Punjekar has encouraged the students to participate in the Industrial Visit. After receiving permission by the College Principal Dr. Sanjay kumar Singh, All the faculty members of the college supported this tour and has taken continuous follow-up with factory Office to organize this Industrial visit, and all the teaching and non-teaching staff, student volunteers have supported this tour.

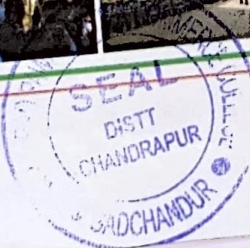

➤ **Methodology :**

We went through various departments, technical and non-technical, and have collected detailed information on their respective functions and their impact on the outcomes of the company. Observation and Question –Answer method became useful to collect the information. Many students have asked the queries and the instructor has solved them very cleverly and politely.

➤ **Outcome (Conclusion) :**

We went to many departments, like Control room, time office and Weigh Bridge, stores. We understood the way the company keeps track of the in time and out-time of their employees. We also observed the different shifts the company follows and their respective timings. We learned that they are responsible for maintaining health and safety of employees, their recruitment and training for increasing their potential and safety. Environmental safety also comes under their supervision.

We are extremely grateful to Chairman Sir, for having given us this opportunity and to our Principal for making it possible. This trip was immensely useful to us and the concepts we learnt will be forever embedded in our minds.

DEPARTMENT OF SOCIOLOGY

Session 2020 - 21

One day student survey

Objective

- 1) Provide vaccine information to overcome covid-19.
- 2) To make people aware that this disease is contagious.
- 3) To remove misconceptions about covid-19 vaccines

Scientists and doctors from all over the world are working hard to find an effective treatment for covid-19 and its vaccine. If many people in the community take the vaccine in large numbers to protect themselves from the infection, the disease will not spread as fast as it should.

The spread of the disease will not be as high as the immunity of the people after taking the vaccine. And if it does, it will reduce the death toll from the disease by strengthening your body to fight it and boosting your immune system. This disease does not only cause more damage. Because it is transmitted through human contact, it is transmitted through human contact. So social distance must be observed. Scientists believe that the infection will be completely gone in a few days. If this contagious disease goes away, we will live happily again by holding meetings with each other in all public places. There will be no oppression on the mind. And again, these would mean that you have to spend for these processes.

Masram
Dr. M. B. Masram

Methodology

Sharadrao Pawar Arts & Comm. College Gadchandur Taluka Korpana District Chandrapur under the Department of Sociology One day Student Survey was conducted at Mukadam Guda on 24th February 2021. The subject of the survey was 'vaccine Janajagar', in which a total of 25 B A third year students participated.

Mukadam Guda is a tribal dominated village. This village is on the border of Telangana and falls in Jiwati taluka. There are a large number of tribal people. There are many problems in this village. At the time of covid-19 infiltration, many villages were not communicating with each other. covid-19 was not a means to an end. In order to overcome this situation, the government decided to provide Co vaccine and Kovid-19 Shield. Doctors, nurses, government employees and Asha workers were also instrumental in carrying out this campaign. People were not ready to get vaccinated with covid-19 because there were many misconceptions about this vaccine. Reactions in the village revealed that some people say that this vaccine causes us to die early and this vaccine causes severe fever. vaccine team used to go to the village and explain to them, but not getting the desired response.

The vaccine causes fever for two days. But taking paracetamol reduces the fever. Even after a few days, your antibodies become active and you become infected, but they do not have much effect on the body. In other words, the vaccine boosts the immune system, raising awareness about the importance of vaccines. The students worked to make people aware of the importance of vaccines for themselves and their families. Also, do not touch your mouth and nose to protect yourself from this contagious disease. Frequent hand washing using a mask reduces the risk of contracting the disease, although it is true that everyone should be vaccinated.

Outcome

covid-19 caused many changes in human life in the world. At first we were not all working online. But now we have digital transactions. Your learning method has gone digital. Schools, colleges and all kinds of education are now online. Humans are now taking care of themselves so as not to become covid-19. More and more people are inclined to get vaccinated.

SHARADRAO PAWAR ARTS & COMM. COLLEGE,

Gadchandur Ta. Korpana Dis. Chandrapur

DEPARTMENT OF SOCIOLOGY

A STUDY OF TRIBAL SHRINES

Session 2021 -22

Visited :- Nandappa Ta. Jiwati Dist Chadrapur

Date :- 19 Dec. 2021

Students :- Total 50 Students of B.A. I Year

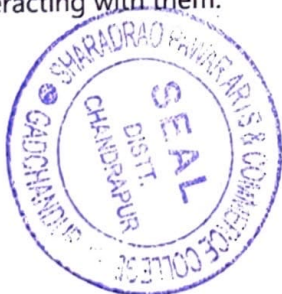

Coordinator :- Dr. Maya B. Masram

Objective

- 1) To know the religious practices of tribals.
- 2) To know about the gods and goddesses of the tribals.
- 3) Reviewing the religious beliefs of the tribals.
- 4) To review the importance of religion in tribal life.

Keeping the above purpose in mind, a study tour of this village was conducted, from which we realized that the change in the religious nature of the tribals was noticed. Their every work is based on religion. Even on festival days tribal people give utmost importance to their Devaka. They worship him with faith and believe that God comes into the body. This was found while interacting with them.

Maya B. Masram
Dr. M. B. Masram

Methodology

It is a social animal. He grows up in society. Its overall development takes place in the society itself. If we look around us, we find that there are mainly three communities in Indian society, the pace of development of these three communities is not the same. Out of these three societies, when the tribal society is considered, it is observed that the tribal society is a very backward society. Their development rate is very slow. If we want to develop every Indian as a human being, it is necessary to study all the societies. A study tour was conducted for students on 19/12/2021 on the topic of 'Study of Tribal Shrines' in Nandappa, a tribal-dominated area of Nandappa, to find out what conditions are responsible for the development of tribal society.

A total of 50 students participated in this study tour. This study tour Dr. It was conducted under the chairmanship of Maya Masram Madam Head of Department of Sociology. This study tour was organized by the Department of Sociology. In the village of Nandappa, our college students interacted with the natives and tried to understand the importance of religion in their lives. After we came to the village, first of all we contacted the sarpanch of that village and with his help we went to the house of every tribal brother in the village and then the rally was taken out from the village.

Outcome

On behalf of Sociology Department, a study tour was conducted for the students on the study of tribal temple in Nandappa village. Through this study tour, students owe something to the society in which we live. And that they have to pay, by creating a sense of responsibility in them, for this purpose, college students will try to solve the various problems of tribals in the future by observing the difficulties faced in their development, remove their ignorance and contribute a little to the development of tribals. It will help to remove the misconceptions about tribal society and make them scientists. Keeping this point of view, this study tour was conducted in this village. People there also helped us properly.

प्रमाणपत्र

दिनांक : 06/03/2023

प्रमाणीत करण्यात येत आहे की, शरदराव पवार कला व वाणिज्य महाविद्यालय गडचांदूर येथील समाजशास्त्र विभागाच्या वतीने "आदिवासी स्त्रियांच्या समस्या" या विषयाच्या प्रकल्पा अंतर्गत आमच्या ग्रामपंचायत नंदप्पा या ग्रामस्थानी समाजशास्त्राच्या विद्यार्थ्यांनी सर्वे केला. यात प्रश्नावलीचा वापर करून या गावातील आदिवासी महिलांच्या कीर्तनांमध्ये आहे. यासंबंधी वेगवेगळे प्रश्न विचारून त्यांच्याकडून प्रश्नावली भरून घेण्यात आली. या सर्वेक्षणाला त्यांचे प्रश्न समजून घेण्यात आले.

या सर्वेक्षणालाठी विद्यार्थ्यांना या गावचे संपर्क यांची मोठी मदत झाली. विद्यार्थ्यांनी आपल्या सर्वेक्षणाला या गावातील महिलांच्या महत्वपूर्ण समस्यांवर चर्चा केली. करीना सबब प्रमाणपत्र देण्यात येत आहे.

DEPARTMENT OF SOCIOLOGY
STUDY OF PROBLEMS OF TRIBAL
WOMEN

Session 2022-23

Visited :- Nandappa Ta. Jiwati Dist

Chadrapur Date :- 06 March. 2023

Students :- Total 20 Students of B.A. III

Year Coordinator :- Dr. Maya B. Masram

Objective

1. To know about the economic activities of tribal women.
2. To review the problems faced by tribal women in traditional life.
3. To know the problems faced by tribal women when they come out of traditional values.
4. To know the influence of traditional system on them.

To fulfill the above objectives a survey was conducted on "Problems of Tribal Women" by students on 06/03/2023 in Nandappa village under our college. A total of 10 students participated in this. An attempt was made to know the true information about their problems by asking different questions to the tribal women through the questionnaire.

Methodology

Maya B. Masram
Dr. M. B. Masram

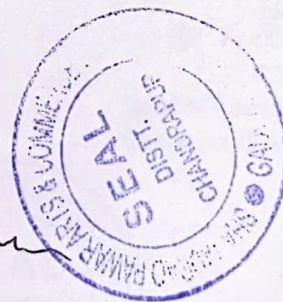

When we study the Indian communities such as urban, rural and tribal, we find that the tribal community is still a backward community. The pace of change in this society is very slow. The main reason why change does not happen in this society is because of their superstition. Due to this they do not get much development and due to the indifferent policy of the government it is very difficult to bring the tribals into the mainstream of development they face various problems. Due to their belief in divine miracles and witchcraft, the tribals do not accept the new development policy and even the government representatives do not communicate the policy information to them.

With the aim of knowing what are the problems of tribal women, the students of our college went to the village Nandakapa on 6th March 2023 and interacted with the tribal women by asking them various questions through a questionnaire. 20 students participated in this survey. This survey was conducted under the Department of Sociology. The students discussed the problem of tribal women through a questionnaire, and found that tribal women do not show much interest in higher education. Because they get married at a very young age. So they cannot get higher education. From health problems to family financial problems, the survey revealed that they have to face a lot.

Outcome

Nandappa is a rural village and there is a large population of Kolam and Gond tribes in this village. Students of our college have come to this village. When he asked tribal women various questions about their problems through a questionnaire, it came out that even today tribal women are not much out of the traditional system. Women are not given higher education because they are influenced by their culture. Many women contribute significantly to men's economic activities. Although it has been many years since independence, the poverty of the tribal community has not ended. Therefore, children help their parents in their financial work at a very young age. Through this survey, our students were able to interact with the tribal society. Realized their way of life. This survey was conducted to understand the problems faced by the rural tribal women
